### **DETAILED ACTION**

This action is in response to the submission filed on 11/19/2009, which claims priority from application 60/090514 with priority date 6/24/1998. Claims 11, 14, 42 and 43 are presented for examination.

#### ***Allowable Subject Matter***

1. Claims 11, 14, 42 and 43 are allowed.
2. The following is an examiner's statement of reasons for allowance: While Alcorn, Johnson, and Nakagawa teach a method for verifying a stored game software using an external EPROM reader, these references, taken either alone or in combination with the prior art of record does not disclose:

(Claims 12) "wherein the information of the selected V-PROM comprises a V-PROM name, a description of a stored game software and data, a version number of the stored game software and data, statistical and marketing information of the stored game software and data",

in combination with the remaining elements and features of the claimed invention. It is for these reasons that the applicant's invention defines over the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
